The Speeki ESG model is developed to help companies:

- ✓ look at ESG from a broader perspective
- ✓ break down each ESG area into bite-sized pieces on which to focus
- ✓ build and maintain ESG initiatives that make ESG a competitive advantage.

Our Engage™ framework has several elements that include a concept known as Generate – Insights – Leverage

Generate

Design, build and implement

Speeki helps companies build ESG programmes with purpose that generate real value for stakeholders.

Insights

Join the dots to reveal insights and predict issues

Speeki helps to improve ESG initiatives to generate powerful predictive insights.

Leverage

Drive real change through action plans with impact

Use Speeki to leverage your transformational ESG initiatives for stakeholder value.

The benefits of Speeki Engage™

- Based on known systems produced from ISO
- Supplements ISO management systems approaches with more support and guidance
- Easy to follow and simple to understand
- Can be consistently leveraged across any focus area within the ESG spectrum and used to support a number of risk-specific reporting frameworks
- Saves money on wasted projects that have no direction, no goals, no support and no achievement
