Give all your relevant stakeholders a voice

Make reporting comfortable and uncomplicated

Speeki Messaging makes report submission a simple process with an intuitive user interface and 24/7 availability via any Internet-enabled device, in or out of the workplace.

Receive feedback in real time through a dashboard

The Speeki Platform enables you to check for updates and view the status of any report at any time. Reports received are analysed by Speeki to generate helpful insights leading to action.

Be confident in the highest levels of security and privacy

Speeki reporting is built on the industry's most robust data security protocols that put your data's security, integrity and availability above everything else.
